JANUARY 2023

HAPPY NEW YEAR 2023!

“A hundred years from now it will not matter what my bank account was, the sort of house I lived in, or the kind of car I drove... but the world may be different because I was important in the life of a child.”

Forest E. Witcraft  
TEACHER, SCHOLAR

“A good teacher explains,  
A superior teacher demonstrates,  
A great teacher inspires!”

“One child, one teacher, one pen  
can change the world.”

-Malala Yousafzai

# Awards & Achievements!

We are pleased to announce Student of the Month-

Aarnav Venkatakrishnan

Student of the Month

Aarnav is an incredibly talented student! He works hard to set an example for others! He is always eager to engage in the lesson or quizzes that we work on during the sessions at Happy Bug Academy. He completes assigned homework on time every week. He strives for 100 % on every assigned homework lesson.

Aarnav loves to play cricket. He was awarded the best wicket-keeper in the MLC Jr. Championship in the U13 age category. He has played in an impressive list of cricket tournaments for USA Cricket League.

Aarnav has remarkable academic achievements, he was awarded High Honor roll at school in addition to an Award for Character Excellence (ACE) for showing trustworthiness, respect, responsibility, fairness, caring, and good citizenship. He always treats others with kindness.

He wishes to become a professional cricketer. He wants to become a wicket-keeper batter just like his idol M.S Dhoni.

Congratulations & Best Wishes Aarnav!!

NO DAD JOKES PLEASE!

What did the triangle say to the circle? "You're pointless." —  
Katie, age 8

My math teacher has a piece of graph paper. I think he  
must be plotting something!

Why was six afraid of seven? "Because seven, eight, nine!"  
Hudson, age 6

What are ten things you can always count on? Your fingers.

Why is the obtuse triangle always upset?  
Because it's never right!

LAUGH ON!

Why did the two fours skip lunch? "Cus they already 8!" —Claire, age 7

There are three types of people in the world. Those who can count, and those who can't

How does a mathematician plow fields? With a pro-tractor  
Why did the student do multiplication problems on the floor?  
The teacher told him not to use tables

Why did the girl wear glasses during math class?  
It improved di-vision

What did the spelling book say to the math book? "I know I can count on you!"

How do you make seven an even number? Remove the S.
