The future of the world is in your classroom today  
- Ivan Welton Fitzwater

# Student of the Month!

**Garv**, our exceptional  
**4th grader, is a mathematical prodigy,  
currently tackling 8th-grade math with  
ease!**

His passion for learning and unwavering  
dedication make him the deserving Student of  
the Month!

Garv's remarkable achievements inspire us all and exemplify the power of determination and intellect at any age. He has set a new standard for excellence at

## **Happy Bug Academy.**

His astonishing ability to grasp 8th-grade math concepts is truly awe-inspiring. Garv's insatiable thirst for knowledge and relentless dedication to his studies have propelled him to the top of his class. He effortlessly navigates advanced mathematical topics, showing that age is no barrier to intellectual achievement. His achievements serve as a shining example for all, emphasizing the importance of determination and passion in one's educational journey. His other hobbies include tennis and video games. We proudly name Garv as our Student of the Month, celebrating his outstanding accomplishments and the bright future that lies ahead. Congratulations, Garv!

**The future belongs to those who believe in the beauty of their dreams.  
- Eleanor Roosevelt**

# Outstanding Achievements!

**Nico's** dedication to his online Math tutoring is truly commendable. His inquisitive nature and consistent effort have helped him grasp new mathematical concepts with ease. He is being **promoted to 3rd grade Math!** So proud of you Nico!

**Shail's** patience and determination are admirable. His consistent progress in math is a testament to his hard work and his ability to persevere through challenging topics. He is an excellent example of how resilience leads to success. He is being **promoted to 5th grade Math!**

With a natural aptitude for mathematics, **Aryan** consistently stands out as a top performer. His problem-solving skills are exceptional, and he never shies away from challenging himself with advanced math topics. He's a true math prodigy in the making. Congratulations for **excellence in Math & Science!**

**Aarav's** mathematical creativity knows no bounds. He often finds unique and innovative solutions to complex problems, showcasing a deep understanding of mathematical principles. His curiosity and enthusiasm for learning are truly contagious. So proud of you for the **success in Math & Science!**

Education is not the filling of a pail, but the lighting of a fire.

- W.B. Yeats

# Outstanding Achievements!

**Daksh's** attention to detail and precision in his work are impressive. He not only excels in his math studies but also contributes positively to his classmates' learning experience. His collaborative spirit and exceptional focus are truly remarkable. He is **one of our 6th graders who got selected for Algebra** at school! Keep up the great work Daksh!

**Arjun's** love for numbers shines through in his consistent dedication to his math studies. He is always eager to explore new challenges and enjoys diving deep into the world of mathematics. His passion for the subject is truly infectious. He is our yet another **6th graders to be selected for Algebra** at school! Can't wait to see what future holds for this Math genius!

**Maya's** hard work and dedication set her apart. She has a knack for breaking down complex problems into simpler parts and solving them systematically. Her methodical approach to math is an asset to her learning journey. Her determination is truly a guiding light for other students! Congratulations Maya for **excellence in fast paced Geometry course over summer of 2023!**

**Shiv's** consistent top-notch performance is a result of his exceptional work ethic. He is always eager to take on new challenges and is a source of motivation for his peers. His **determination and passion for mathematics** are truly praiseworthy. The progress Shiv has made in the last year is commendable! He is an excellent example of hard work and determination leads to success!

Education is not the learning of facts, but the training of the mind to think  
- Albert Einstein

# Digital SAT

## Spring 2024

- SAT will be administered on laptop or tablet
- Digital SAT is shorter (2 hours) than the current SAT
- Faster score delivery
- Calculators are allowed on entire Math section as opposed to the current SAT
- Math section (Module 1 & 2) on Digital SAT will cover:  
(70 mins, 44 questions)
  - Algebra
  - Advanced Math
  - Problem Solving & Data Analysis
  - Geometry & Trigonometry
- Reading & writing section is 64 mins long and includes 54 questions

### Study tips for Math section

- Create a study schedule
- Practice math concepts to improve accuracy
- Work on Advanced Math questions
- Take practice tests to improve speed
- Analyze mistakes
- Find out ways to save time on math questions

I find that the harder I work, the more luck I seem to have  
- Thomas Jefferson

# Habits of successful students

Develop good study habits now because you will carry these work ethics with you in the future!

## Make a difference!

- Get organized
- Divide bigger tasks into smaller ones
- Keep your study space tidy and clean
- Ask questions if you don't understand and request help when you need it
- Use all the recourses you need to master a concept
- Have a positive attitude!

You're never too young to make an impact and never too old to make a difference  
- Unknown

## Riddle time!

-I am an odd number. Take away one letter, and I become even.  
What number am I?

-What three positive numbers give the same answer when multiplied and added together?

-I am thinking of two numbers. When I add them, the result is 12. When I multiply them, the result is 32. What are the numbers?

-I am thinking of a number. If you multiply it by 5 and then add 12, the result is 57. What number am I thinking of?

-What has keys but can't open locks?

- A Piano
- 9
- 8&4
- 1,2,3
- Seven

**It always seems impossible until it's done**  
- Nelson Mandela
