UPCOMING MATH CONTEST JULY 2022

Math Contest 1st - 10th grade

We are excited to host a Math Contest at Happy Bug Academy. More information to follow.

1st- 10th grade

Duration 30 min

Parents can fill out a google form to enroll their child (ren)

We will send the details in email soon

Looking forward to all our students to join the contest to showcase their talent and win prizes!!

Awards & Achievements!

I am delighted to share promotions of our students!!

They all have have worked hard and they continue to excel at school!

We are excited to present the Student of the Month award to Art!

Student of the Month
Art Muley

Art is a brilliant student! His dedication and relentless commitment is inspiring to many other students!

He received FTC deans list award 2021 in Ohio. His hard work helped him win Science Olympiad State championship as well as Penn state championship. We are proud of him!

He shares his dreams and goals:

Hello All, I am a UIUC bound senior. At UIUC, I will study physics and Electrical Engineering. I am particularly interested in quantum and condensed matter physics. - two fields of physics that were responsible for the inventions of LCD screens, RGB lights, or any of the billions of transistors and semiconductors inside a laptop.

I attribute much of my success in physics thus far to an emphasis on math and countless math tutoring sessions with Ms. Kay. Studying Math at an early age definitely helps build confidence and cognitive development! Thank you Happy Bug Academy for helping me build the confidence!

Awards & Achievements!

Sahil Bhasin (Promoted to First Grade)

Sahil is a brilliant young man! He always asks for more homework because sometimes he finishes it the very next day! He loves gardening and working on math! His favorite movie is 'Sound of Music!' He loves playing Soccer. His Favorite color is pink. Sahil's bubbly personality is contagious! Watch out for this young man to shine bright in the future!

Pia Hatolkar (Promoted to 3rd grade)

Pia has quickly progressed from 2nd grade to 3rd Grade after joining Happy Bug Academy. Pia loves being outdoors, gardening with her dad, biking, and also cooking! She loves dancing! Can't wait to see her present at the Happy Bug Academy -Annual Talent show! She is an artist and her art work is being featured at the Fine Art's Festival.

Daksh Khanna (Promoted to 6th grade)

Daksh is very determined and meticulous in his work! After joining Happy Bug Academy, he progressed to 5th grade quickly and he worked hard to master the skills. I am so excited to promote him to 6th grade in such a short time! He loves playing Fortnite! He loves to read and playing tennis!

Muna (Promoted to First Grade)

Muna is an amazing student! She is an inspiration to say the least! I couldn't help but share her story about how she joins sessions from anywhere in the country. She has joined sessions when she was visiting her grandmother, and also sometimes from the car on her way back from school. This inspires and motivates me in so many ways! One time she even joined a session from her doctor's office while she was waiting for the doctor. That is dedication! I am so proud of her to adapt to the surroundings and stay focused during the session. Her smile is contagious! AND she is good at Bollywood Dance! Woohoo!! Way to go Muna!

Events coming up....
